COLORADO LEGENDS FUNDAMENTAL BASKETBALL CAMP

5 REASONS EVERY YOUTH SHOULD BE ENROLLED IN BASKETBALL

1. **Positive Attitudes:** Kids in the program learn to have a positive and respectful attitude. You won't find yourself repeating yourself over and over, or arguing with your child like most parents do. Kids learn to be respectful of their parents and teachers. Your child might even surprise you with a Yes Ma'am or Yes sir!
2. **Self-Confidence:** It's true; Kids who take part in this camp learn to develop better self-confidence. They're encouraged to take chances and push themselves further than they have ever pushed themselves before. They will experience success and believe that anything is achievable. They learn that hard work develops success and they can work hard at anything. Improved confidence will help their school work, enhance their circle of friends, and they will perform better in all extracurricular activities.
3. **Team Work:** Here at this camp everyone will be challenged to be a leader but in a teammate environment. No one camper is better than the other and team is what will be emphasized from the first minute on the floor. They will learn to help others they can help and learn from those they need to learn from. The youth campers will learn that they do not succeed at the expense of others failure on their team and on the other team.
4. **Competition:** All the campers will be introduced to competition. This will be team and personal competition. They will learn to compete as team and as an individual to help a team. They will compete against themselves learning that their mind is the strongest tool they can have anywhere in life.
5. **Healthy Kids:** Basketball is a great source of exercise. The campers will breathe better, eat better, and sleep better. Children that are a part of athletics are known to be slimmer, choose to eat better foods, and in general learn to take better care of their bodies as a whole. They will learn what negative things, for their mind and bodies, can hurt them.
